AGRICULTURAL STATISTICS

OF

133015

BENGAL

FOR 1909-1910.

25. MAY. 1911

Calcutta:
THE BENGAL SECRETARIAT BOOK DEPOT.
1911.

INDEX TO CONTENTS.

	Pages.
Table A (I).—General Return showing total acreage, classification of areas, irrigation, crops, current fallows and stock in each district of Bengal during 1909-1910	1—18
Appendix to Table A (I).—Explanatory memoranda furnished by District Officers of differences in excess of 10 per cent. in the figures of Table A (I) of 1909-1910, compared with those of 1908-1909	19—28
Table A (II).—Cadastrally-surveyed areas showing total acreage, classification of areas, irrigation, crops, current fallows and stock in cadastrally-surveyed areas in Bengal, as ascertained in the year of survey	29—75
Table E.—Showing transfer of land in each district in Bengal in the year ending March 1910	76
Statement of changes in District, Divisional and Provincial Boundaries during the year 1909-1910	77

Table A (I) of Agricultural Statistics of Bengal for the year 1909-1910.

GENERAL.

Table

Showing total acreage, classification of areas, crops, and current fallows

Presidency or Province.	Burdwan.	Birbhum.	Bankura.	Midnapore.	Hooghly.	Howrah.	24-Parganas.

	Tobacco		3,500	13,500	10,000	...	Increase due to high prices of tobacco prevailing in the previous year.
	Miscellaneous food-crops ...		23,300	15,200	...	8,100	Revision of estimates.
	Ditto non-food crops		11,500	16,000	4,500	...	
A-2	Current fallows	Patna.	...	27,100	27,100	...	Decrease in the net cropped area.
A-3	Sugarcane		13,500	16,300	2,800	...	Favourable sowing season.
A-2	Current fallows	Gaya.	134,880	176,680	41,800	...	Decrease in the net cropped area.
	Barley		78,800	64,000	...	14,800	Owing to favourable rainfall rice was given preference to other crops.
A-3	Jowar		17,200	21,600	4,400	...	Timely rainfall and favourable season.
	Marua		75,000	60,600	...	14,400	Increase in the area under rice.
	Jowar	Shahabad.	6,700	7,900	1,200	...	Favourable rainfall.
A-3	Til		2,200	1,700	...	500	Revision of estimates.
	Miscellaneous non-food crops		1,400	200	...	1,200	Increase in the area under other crops.
A-2	Current fallows ...	Saran.	118,067	61,067	...	57,000	Increase in the net cropped area.
	Linseed		55,800	64,800	9,000	...	Good rainfall and seasonable weather.
	Til		3,900	3,300	...	600	Increase in the area under linseed.
	Rape and mustard ...		18,900	13,700	...	5,200	
	Other oilseeds		11,500	10,000	...	1,500	
	Sugarcane		30,400	39,700	9,300	...	Favourable weather.
A-3	Cotton		14,300	16,300	2,000	...	
	Other fibres		1,200	2,000	800	...	
	Other dyes		2,200	3,200	1,000	...	
	Tobacco		500	800	300	...	Favourable weather.
	Miscellaneous food-crops ...		39,900	45,800	5,900	...	Favourable weather and good rainfall.

APPENDIX TO TABLE A(I) OF AGRICULTURAL STATISTICS OF BENGAL FOR THE YEAR 1910-1911—*continued.*

Explanatory memoranda of difference in excess of ten per cent. in the figures of 1910-11 compared with those of 1909-10—continued.

Table.	Column heading.	District.	Figures of—		Differences.		Explanation of differences.
			Previous year, 1909-10.	Current year, 1910-11	Plus (+).	Minus (—).	
1	2	3	4	5	6	7	8
			Acres.	Acres.	Acres.	Acres.	
A-2	Current fallows ...	Champaran.	164,942	237,242	72,302	...	Decrease in the net cropped area on account of heavy floods and excessive rainfall.
	Rice		784,100	695,500	...	88,600	Due to heavy floods and inability for retransplantation in some places.
	Wheat		85,400	96,800	11,400	...	Due to good *hathiya* rain.
	Jowar		6,000	1,700	...	4,300	Heavy floods and excessive rainfall in July.
	Bajra		4,000	600	...	3,400	
	Marua		20,000	13,900	...	6,100	
	Maize		140,000	116,300	...	23,700	
	Other food-grains, including pulses.		289,100	249,500	...	39,600	
	Til		3,000	4,300	1,300	...	The cultivation of the oilseed crops is considered profitable by cultivators; hence the increase in the cultivation.
A-3	Rape and mustard ...		11,100	12,400	1,300	...	
	Other oilseeds		1,100	5,600	4,500	...	
	Sugarcane		12,100	14,500	2,400	...	Larger area being cultivated by the Parsa Sugar Factory.
	Cotton		300	500	200	...	Due to favourable monsoon and sufficient moisture.
	Jute		2,000	800	...	1,200	Fall in prices of jute.
	Indigo		36,000	46,200	10,200	...	Favourable weather in the sowing season.
	Opium		28,200	24,800	..	3,400	Abandonment of cultivation.
	Tobacco		700	900	200	...	Favourable weather.
	Fodder crops		2,000	5,000	3,000	...	Owing to failure of *aghani* crops in some parts on account of heavy flood, more area was cultivated with these crops.
	Miscellaneous food-crops ...		20,600	60,500	39,900	...	
	Ditto non-food crops		11,100	38,600	27,500	...	
A-2	Current fallows ...	Muzaffarpur.	228,800	200,700	...	28,100	Increase in the net cropped area.
	Barley		236,000	296,600	60,600	...	Favourable weather conditions.
	Marua		92,000	82,300	...	9,700	Due to heavy rainfall.
	Linseed		60,900	75,000	14,100	...	Favourable weather conditions.
A-3	Til		1,200	1,700	500	...	
	Rape and mustard ...		41,100	60,700	19,600	...	
	Other oilseeds		2,500	6,000	3,500	...	
	Sugarcane		8,000	9,000	1,000	..	Favourable weather and supposed good market.

APPENDIX TO TABLE A(I) OF AGRICULTURAL STATISTICS OF BENGAL FOR THE YEAR 1910-1911—*continued.*

obtained at the Census taken during the years noted against each district:—
Noakhali 1892-1895, 1899-1902, 1904-1905.
1905. Faridpur 1907-1910.
bulls.

APPENDIX TO TABLE A (I) OF AGRICULTURAL STATISTICS OF BENGAL FOR THE YEAR 1911-12.

Explanatory memoranda of difference in excess of ten per cent. in the figures of 1911-12 compared with those of 1910-11.

Table.	Column heading.	District.	Figures of—		Differences.		Explanation of differences.
			Previous year, 1910-11.	Current year, 1911-12.	Plus (+).	Minus (—).	
			Acres.	Acres.	Acres.	Acres.	
A-2	Not available for cultivation.	Bankura ...	80,000	168,000	88,000	...	Revision of estimates.
		Noakhali ...	117,531	35,384	...	82,147	
		Dacca ...	81,580	34,880	...	46,700	Extension of cultivation due to favourable weather conditions.
		Mymensingh ...	402,452	290,752	...	111,700	
		Bakarganj ...	315,507	195,257	...	120,250	
		Chittagong ..	96,012	56,330	..	39,682	
		Tippera ...	103,500	131,600	28,100	...	Due to decrease in cultivation.
	Culturable waste other than fallow.	Noakhali ...	44,600	1,000	...	43,600	Revision of estimates.
		Chittagong Hill Tracts.	359,863	429,186	69,323	...	
		Rajshahi ...	75,482	67,782	...	7,700	Favourable weather.
		Dinajpur ..	267,060	188,160	...	78,900	Decreases are due to extension in cultivation.
		Jalpaiguri ...	381,835	178,358	...	203,477	
		Rangpur ...	82,048	32,236	...	49,812	
		Bogra ...	106,460	84,060	...	22,400	
		Pabna ...	79,000	62,535	...	16,465	
	Current fallow ...	24-Parganas ...	66,798	117,198	50,400	...	The difference is due to bad weather conditions at the time of sowing *bhadoi*, winter and *boro* rice.
		Nadia ..	455,530	394,930	...	60,600	The decrease is due to extension of cultivation.
		Jessore ...	127,620	148,153	20,533	...	The difference is due to unfavourable weather at sowing time.
		Birbhum ...	14,675	32,875	18,200	...	The differences are due to unfavourable weather at sowing time which occasioned a decrease in the cultivation of rice.
		Bankura ...	57,000	165,200	108,200	...	
		Hooghly ...	99,627	129,716	30,089	...	
		Howrah ...	56,600	89,300	32,700	...	
		Darjeeling ...	30,805	25,870	...	4,935	The difference is due to fluctuation.
		Dacca	65,500	49,800	.	15,700	The difference is due to increased jute cultivation.
		Noakhali ...	800	500	...	300	The difference is due to revision of estimates.
		Dinajpur ...	493,580	421,480	..	72,100	The difference is due to extension in the cultivation of rice.

APPENDIX TO TABLE A (I) OF AGRICULTURAL STATISTICS OF BENGAL FOR THE YEAR 1911-12—*continued.*

Explanatory memoranda of difference in excess of ten per cent. in the figures of 1911-12 compared with those of 1910-11—continued.

Table.	Column heading.	District.	Figures of—		Differences.		Explanation of differences.
			Previous year, 1910-11.	Current year, 1911-12.	Plus (+).	Minus (—).	
1	2	3	4	5	6	7	8
			Acres.	Acres.	Acres.	Acres.	
A-2	Current fallow ...	Jalpaiguri ...	32,541	187,000	154,459	...	Revision of estimates.
		Pabna	138,360	122,442	...	15,918	The difference is due to increased cultivation of jute and rice.
	Net area cropped during the year.	Howrah ...	201,400	168,700	...	32,700	The difference is due to unfavourable weather conditions.
		Noakhali ..	389,000	1,015,200	126,200	...	The difference is due to revision of estimates and partly to an increase in area under rice crop.
		Chittagong Hill Tracts.	152,879	85,100	...	67,779	The difference is due to revision of estimates.
		Dinajpur ...	1,264,800	1,415,800	151,000	...	The increase is due to extension of rice cultivation.
A-3	Linseed ...	24-Parganas ...	400	700	300	...	Favourable weather.
	Rape and mustard ...		700	800	100	...	
	Miscellaneous food-crops.		9,700	8,200	...	1,500	Want of sufficient rain at sowing time.
	Gram (pulse) ...	Nadia ...	67,600	54,200	...	13,400	Unfavourable weather.
	Linseed ...		40,300	55,700	15,400	...	Revision of estimates.
	Other oilseeds ..		7,700	6,300	...	1,400	Increase in the area under linseed.
	Sugarcane ..		7,500	6,600	...	900	Unfavourable season.
	Jute ...		35,000	47,400	12,400	...	Rise in the price of jute and favourable weather conditions at sowing time.
	Orchard and garden produce.		28,000	24,800	...	3,200	Unfavourable weather.
	Miscellaneous crops. Food ...		9,600	10,600	1,000	...	Favourable season.
	Non-food		20,300	17,300	...	3,000	Unfavourable weather.
	Barley ...	Murshidabad ...	12,600	13,900	1,300	...	Favourable weather conditions.
	Bajra ...		800	600	...	200	Unfavourable weather.
	Ragi or marua ...		500	600	100	...	Ordinary fluctuations.
	Gram (pulse) ...		31,800	35,400	3,600	...	Favourable weather.
	Linseed ...		13,100	14,700	1,600	...	
	Rape and mustard...		12,400	14,400	2,000	...	
	Tobacco ...		1,500	1,200	...	300	Casual.

APPENDIX TO TABLE A (I) OF AGRICULTURAL STATISTICS OF BENGAL FOR THE YEAR 1911-12—*continued.*

APPENDIX TO TABLE C OF AGRICULTURAL STATISTICS OF BENGAL FOR THE YEAR 1912-13.

Explanatory memorandum of differences in excess of 10 per cent. in the figures of 1912-13 compared with those of 1906-07.

Table.	Column heading.	District.	Figures of—		Differences.		Explanation of difference.
			Previous year, 1906-07.	Current year, 1912-13.	Plus.	Minus.	
1	2	3	4	5	6	7	8
C	Total column 4(*b*) ...	Birbhum ...	818,900	679,400	...	139,500	The difference is due to the insufficient rainfall during the year under report.
	Temporarily-settled estates, column 5, cross heading II.	Ditto ...	2,306	3,246	940	...	The increase is due to the resettlement of estates under Part II at increased revenue, and to the enhanced rate of rent obtained by settlement of Government estates.
	Miscellaneous revenue, column 5, cross heading III.	Ditto ...	26,949	47,471	20,522	...	The excess is due to the increase in collection of the survey and settlement costs.
	Temporarily-settled estates, column 2, cross heading II.	Bankura ...	1,397	7,591	6,194	...	Due to the settlement of Deara lands of the Damodar river.
	Temporarily-settled estates, column 5, cross heading II.	Ditto ...	1,896	6,061	4,165	...	
	Column 5, cross heading II	Midnapore ...	125,773	146,201	(*a*) 20,428	...	(*a*) The increase under this head is due to the settlement of some khas patit lands and re-settlement of the estate.
	Temporarily-settled estates, column 2.	Hooghly, including Howrah.	21,910	13,670	...	8,240	For sale of khas mahal estates.
	Temporarily-settled estates, column 5.	Ditto ...	73,875	63,895	...	9,980	For sale of Government estates and resettlement.
	Miscellaneous revenue, column 5.	Ditto ...	3,473	17,201	13,728	...	For sale of Government estates and recovery of survey and settlement charges.
	Temporarily-settled estates, column 8.	Ditto ...	73,875	63,895	...	9,980	For sale of Government estates and resettlement.
	Whole tenures, column 14	Ditto ...	282,394	334,229	51,835	...	For decrease of population.
	Column 3 (*a*), class II ...	24-Parganas	1,038,608	924,694	...	113,914	The decrease is due to increase in fully assessed area. Column 3 (*a*), class II, includes State Forests and other waste lands not yet assessed. Consequently the areas of such portions of the waste lands as are settled and assessed is excluded from the area shown in this column and added to the area in column 4(*b*), class II (fully assessed area).

APPENDIX TO TABLE C OF AGRICULTURAL STATISTICS OF BENGAL FOR THE YEAR 1912-13—*continued.*

Table.	Column heading.	District.	Figures of—		Differences.		Explanation of difference.
			Previous year, 1906-07.	Current year, 1912-13.	Plus.	Minus.	
1	2	3	4	5	6	7	8
C	Column 4 (*a*), class II ...	24-Parganas...	404,557	522,026	117,469	...	Both columns 2 and 3 (*a*) have altered to effect the increase.
	„ 4 (*b*), „ I ...	Ditto ...	786,664	679,237	...	107,427	The decrease is due to the diminution of net cropped area.
	„ 4 (*b*), „ II ...	Ditto ...	209,771	237,823	28,052	...	Due to same causes as in the case of column 3 (*a*), class II.
	„ 5, „ II ...	Ditto ...	469,638	536,155	66,517	...	The increase is due to the progressive rise in the demands of temporarily-settled estates.
	„ 6	Ditto ...	2,078,359	2,434,104	355,745	...	The increase of population is due to the establishment of many new mills and the influx of squatters in the reclaimed areas of the Sundarbans and in the industrial centres, as also of the cultivators who have settled down in the reclaimed tracts.
	„ 11	Ditto ...	1,918,828	2,294,817	375,989	...	Due to increase in the total of classes I and II of fully assessed area, column 4 (*a*) and to natural causes.
	„ 13	Ditto ...	17	20	3	...	Since 1906-07 the population in three of the municipalities, viz., South Barrackpore, Garulia and Halisahar has increased to more than 10,000.
	„ 14	Ditto ...	327,168	488,608	161,440	...	The same reason as for column 6.
	Zamindari permanently-settled estates, column 4 (*b*), cross heading I.	Murshidabad	729,006	558,664	...	170,342	The cause of decrease cannot be definitely ascertained though a large tract of land was covered with sand by floods and was rendered unfit for cultivation.
	Zamindari temporarily-settled estates, column 4 (*b*), cross heading II.	Ditto ...	18,241	14,035	...	4,206	Same explanation as given against cross heading I, column heading 4 (*b*).
	Zamindari temporarily-settled estates, column 5, cross heading III.	Ditto ...	1,420	34,645	33,125	...	The large increase is principally due to recovery of survey and settlement charges.
	Area not fully assessed, column 3 (*a*), cross heading II.	Khulna ...	1,331,712	1,470,368	138,656	...	The increase is due to recalculation of forest areas as per recent computation of the Bengal Drawing Office.

APPENDIX TO TABLE C OF AGRICULTURAL STATISTICS OF BENGAL FOR THE YEAR 1912-13—*continued.*

Table.	Column heading.	District.	Figures of—		Differences.		Explanation of difference.
			Previous year, 1906-07.	Current year, 1912-13.	Plus.	Minus.	
1	2	3	4	5	6	7	8
C	Total Land Revenue, column 5, cross heading II.	Khulna ...	199,789	235,537	35,748	...	The increase was due to resettlement and progressive rates of revenue of several estates and also to assessment of some new estates.
	Total Land Revenue, column 5, cross heading III.	Do. ...	995	244	...	751	A sum of Rs. 746 was collected in 1906-07 on account of fees under Act VIII of 1876 and hence the decrease.
	Population of fully assessed area, column 11.	Do. ...	695,593	1,342,924	647,331	...	The figures of 1906-07 were evidently wrong, as the population of the area not fully assessed cannot be nearly half of the total population. It must be much less, as the population of the State Forest area (1,470,368 acres) is only 3031 souls during the census of 1911.
	6. Population of district (column 2).	Do. ...	2,649,522	2,960,402	310,880	...	Due to increase in population.
	11. Population of fully assessed area.	Do. ...	1,923,053	2,192,433	269,380	...	Due to increase in population.
	14. Aggregate population	Do. ...	115,024	136,427	21,403	...	
	Columns 6 and 11, headings I, II, III and totals of the two columns.	Mymensingh	3,915,068	4,526,422	611,354	...	The increase is due to the census of 1911.
	Column 14	Ditto ...	99,509	115,514	16,005	...	
	Zamindari permanently-settled estates, column 2, cross heading I.	Bakarganj ...	1,789,607	2,121,517	331,910	...	Increase in the area is due to inclusion of river area.
	Zamindari temporarily-settled estates, column 2, cross heading II.	Ditto ...	521,401	831,270	309,869	...	Increase in the area is due to inclusion of river area.
	Zamindari permanently-settled estates, column 3(*a*), cross heading I.	Ditto ...	480	309,293	308,813	...	
	Zamindari temporarily-settled estates, column 3(*a*), cross heading II.	Ditto ...	80,100	390,187	310,087	...	

APPENDIX TO TABLE C OF AGRICULTURAL STATISTICS OF BENGAL FOR THE YEAR 1912-13—*continued.*

Table.	Column heading.	District.	Figures of—		Differences		Explanation of difference.
			Previous year, 1906-07.	Current year, 1912-13.	Plus.	Minus.	
1	2	3	4	5	6	7	
C	Zamindari permanently-settled estates, columns 5 and 8, cross heading I.	Bakarganj ...	1,060,591	1,231,134	170,543	..	The increase is due to settlement and resettlement. Progressive increase of revenue and inclusion of forest revenue and assessment of new estates by diara settlement.
	Zamindari temporarily-settled estates, columns 5 and 8, cross heading II.	Ditto ...	673,830	817,179	143,349	...	
	Column 14, cross heading I	Ditto ...	39,097	34,469	...	4,628	Decrease is due to decrease of population in one town according to census of 1911.
	Miscellaneous revenue, column 5, cross heading III.	Ditto ...	491,716	4,397	...	487,319	Decrease is due to the fact that there was a collection of Rs. 4,87,757 on account of survey and settlement cost shown in the previous return, while Rs. 703 only is the figure under that head in the present return.
	Zamindari permanently-settled estates, column 4 (*b*), cross heading I.	Rajshahi ...	1,053,795	898,542	...	155,253	Due to the exclusion of the area under "thatching of grass" and the general revision of the figures principally under the heads "Rice, Wheat and Jute" during the period.
	Zamindari temporarily-settled estates, column 3(*a*), cross heading II.	Ditto ..	8,366	5,057	...	3,309	Due to revision of figures.
	Column 14	Dinajpur ...	13,430	15,945	2,515	..	Increase is chiefly due to influx of men from other districts for commercial and other purposes.
	Column 4 (*b*), cross heading I.	Rangpur ...	1,247,480	1,896,700	649,220	...	During the year 1907-08, there was scarcity owing to insufficient rainfall; in consequence much larger tract of cultivated area, especially of *aus* and winter paddy lands, remained fallow, with the result that Government had to distribute about Rs. 1,25,000 for agricultural loans.
	Miscellaneous revenue, column 5, cross heading III.	Ditto ...	2,050	662	...	1,388	The reduction of revenue under this class is due to much less receipts under the following items: sale of old and unserviceable tents, value of revenue abated and recovery of survey and settlement charges, etc.

APPENDIX TO TABLE C OF AGRICULTURAL STATISTICS OF BENGAL FOR THE YEAR 1912-13—*continued.*

Table.	Column heading.	District.	Figures of—		Differences.		Explanation of difference.
			Previous year, 1906-07.	Current year, 1912-13.	Plus.	Minus.	
1	2	3	4	5	6	7	8
C	Column 6, cross heading II	Malda ...	20,510	26,276	5,766	...	The increase is due to the resettlements of some estates.
	Columns 6 and 11 ...	Do. ...	884,030	1,004,159	120,129	...	The population of the district increased during the last census.
	Column 13	Do. ..	3	2	...	1	During the last census, there were only two towns over 10,000 population.
	Column 14	Do. ...	43,542	37,644	...	5,898	The decrease is due to the decrease of one town (old Malda) during the last census.
	Miscellaneous revenue, column 5.	Do. ...	52	1,452	1,400	...	The increase is due to the receipt of large amounts on account of fees realised for exemption of estates from sale and capitalized value of Government revenue in Land Acquisition cases, cesses for Government estates, sale-proceeds of old materials, fees for separate accounts, and other causes.
	Column (5), cross heading I	Darjeeling ...	1,000	1,929	929	...	Due to the inclusion of locations settled in perpetuity.
	Column 4 (*b*), cross heading II.	Ditto ...	205,668	173,500	...	32,168	The figures of the agricultural tables have been reproduced.
	Column 3 (*a*), cross heading II.	Chittagong ...	266,402	649,569	383,167	...	The figure reported in 1907-08 was a mistake for 688,542. Hence the real difference is —38,973, and as such no explanation is necessary.
	Column 4 (*a*), cross heading II.	Ditto ...	826,796	443,707	...	383,089	The figure reported in 1907-08 was a mistake for 404,656. Hence the real difference is +39,051, and as such it requires no explanation.
	Columns 5 and 8, cross heading II.	Ditto ...	655,054	762,701	107,647	...	Owing to increase of *jama* of Rs. 1,500 in a suit, Government *versus* Kamal Krishna Shahu and others, and assessment of *jama* on previously unsettled areas as found by survey amins.
	Column 5, cross heading III.	Ditto ...	10,099	25,474	15,375	...	Owing to issue of prospecting licenses and mining leases over larger areas.

APPENDIX TO TABLE C OF AGRICULTURAL STATISTICS OF BENGAL FOR THE YEAR 1912-13—*concluded.*

APPENDIX TO TABLE C of Agricultural Statistics of Bengal for the year 1917-18.

Explanatory memorandum of difference in excess of 10 per cent. in the figures of 1917-18 compared with those of 1912-13.

Table.	Column heading.	District	Figures of—		Difference.		Explanation of difference.
			Previous year, 1912-13.	Current year, 1917-18.	Plus (+).	Minus (−).	
1.	2	3	4	5	6	7	8
C	II—Columns 2 and 4(*a*)	Burdwan	11,087	9,626	...	1,461	Due to sale of proprietary right in several estates and to the addition of 841 acres in class I and deduction of the sale in class II as area of private estates managed by Government according to new rules.
	II—Column 4(*b*) ...		5,215	3,659	...	1,556	
	III—Column 5 ...		59,218	72,728	13,510	...	Due to the credit of about Rs. 9,000 on account of capitalized value of chaukidari chakran land acquired.
	II—Column 9 ...		1-13-5	2-3-0	0-5-7	...	The increase is due to the decrease of areas in columns 4(*a*) and 4(*b*).
	II—Column 10 ...		3-14-6	5-12-1	1-13-7	...	
	Heading I—Permanently-settled estate—Column 4(*b*).	Birbhum	6,77,982	7,80,622	1,02,640	...	The increase in the area is due to sufficient rainfall.
	III—Miscellaneous revenue—Column 5.		47,471	2,104	...	45,367	Decrease is due to closing of Survey and Settlement operations.
	Heading II—Columns 2 and 4(*a*).	Bankura	7,591	8,690	1,099	...	Increase is due to the settlement of some *char* lands and *simandari* lands.
	Heading III—Column 5.		3,734	1,087	...	2,647	Recovery of survey and settlement charges in 1912-13 was greater than in 1917-18
	Heading II—Column 9		0-12-9	0-10-4	...	0-2-5	The decrease is due to the removal of some roadside lands and one Police land from the tauzi roll and reduction of revenue of certain *char* lands on account of diluvion.
	3(*a*)—I ...	Midnapur	36,322	1,02,737	66,415	...	The increase is due to the recent Survey and Settlement.
	3(*a*)—II ...		1,228	4,840	3,612	...	Ditto ditto.
	4(*a*)—I ...		31,37,060	29,86,915	...	1,50,145	The decrease is due to the recent Survey and Settlement.
	4(*a*)—II ...		1,44,430	1,40,708	...	3,722	Ditto ditto.

	5—I ...		24,14,649	24,61,876	47,227	...	The increase is due to the recent Survey and Settlement.
	5—II ...		1,46,201	1,53,788	7,587	...	Ditto ditto.
	5—III ...		11,558	7,72,543	7,60,985	...	The increase is due to the inclusion of Rs. 7,41,261 on account of Survey and Settlement cost.
	Col. 3(*a*), class II ...	24-Parganas ...	9,24,507	7,25,285	...	1,99,222	Decrease is due to increase in the fully assessed area specially in the Sundarbans.
	,, 4(*a*), class II ...		5,22,026	7,21,685	1,99,659	...	Increase is due to the progress in the Sundarbans.
	,, 4(*b*), class I ...		6,79,237	7,12,192	32,955	...	Increase is due to the increase in net cropped area.
	,, 4(*b*) class II ...		2,37,823	6,65,300	4,27,477	...	Due to the progressive rise in the demand of the temporarily settled estates.
	,, 5, class I ...		12,63,807	12,63,267	...	540	Due to abatement of revenue on account of acquisition of land.
	,, 5, class II ...		5,36,155	6,32,810	96,655	...	Due to rise in the progressive demand of the Sundarbans estates.
	,, 5, class III ...		35,948	86,985	51,037	...	Due to sale of Government estates.
	,, 8, class I ...		12,63,807	12,63,267	...	540	Due to abatement of revenue.
	,, 10, class II ...		2-0-6	0-11-3	...	1-5-3	Due to increase in cultivated area.
	,, 13 ...		20	18	...	2	Due to subdivision of two municipal towns.
	,, 14 ...		4,88,608	4,66,682	...	21,926	Ditto.

APPENDIX TO TABLE C of Agricultural Statistics of Bengal for the year 1917-18—*continued.*

Explanatory memorandum of difference in excess of 10 per cent. in the figures of 1917-18 compared with those of 1912-13—*continued.*

Table.	Column heading.	District.	Figures of—		Difference.		Explanation of difference.
			Previous year, 1912-13.	Current year, 1917-18.	Plus (+).	Minus (−).	
1	2	3	4	5	6.	7.	8
C	Heading I, column 4(*b*)	Nadia ...	7,36,545	6,33,571	...	1,02,974	Change of area is due to transfer of estates to and from other districts.
	Heading II, column 4(*b*).		15,055	13,181	...	1,874	
	Heading III, column 5.		2,715	798	...	1,917	Fluctuation in the receipt under the head.
	Heading III, column 5.	Murshidabad ...	34,645	13,286	...	- 21,359	The decrease is principally due to the less realization of settlement charges.
	Total Land Revenue, cross head III, column 5.	Khulna ...	244	131	...	113	The decrease was mainly due to the fluctuation in other receipts during the year 1917-18.
	Heading I, column 2	Dacca ...	16,18,830	17,02,219	83,389	...	The difference in area and revenue is due to the recent record-of-rights of the district.
	„ II, „ 2		1,58,450	83,005	...	75,445	
	Heading I, column 3(*a*).		3,74,476	54,548	...	3,19,928	
	Heading II, column 3(*a*).		84,849	12,571	....	72,278	
	Heading I, column 4(*b*) (total).		12,44,354	16,47,671	4,03,317	...	
	Heading II, column 4(*b*) (total).		73,601	70,434	...	3,167	
	Heading I, columns 5 and 8.		4,23,647	4,25,359	1,712	...	
	Heading II, columns 5 and 8.		99,988	1,97,033	97,045	...	
	Heading I, column 9		0-5-5	0-4-1	...	0-1-4	
	„ II, „ 9		1-5-8	2-12-9	1-7-1	...	
	„ III, „ 5		2,502	3,071	569	...	

APPENDIX TO TABLE C of Agricultural Statistics of Bengal for the year 1917-18—*continued.*

Explanatory memorandum of difference in excess of 10 per cent. in the figures of 1912-13 compared with those of 1917-18—*continued.*

Table.	Column heading.	District.	Figures of—		Difference.		Explanation of difference.
			Previous year, 1912-13.	Current year, 1917-18.	Plus (+).	Minus (-).	
1	2	3	4	5	6	7	8
C	Class II.						
	Column 4 (*b*) ...		82,602	98,176	15,574	...	Increase is due to extension of cultivation, etc.
	„ 5 ...		1,44,990	2,18,123	73,133	...	
	„ 9 ...		1-3-11	1-12-0	0-8-1	...	
	„ 10 ...		1-12-1	2-3-0	0-6-11	...	
	Class III.						
	Column 5 ...		9,118	16,222	7,104	...	
	Total columns.	Faridpur ...					
	Column 5 ...		6,50,016	7,46,155	96,139		Increase is due to revision of demand, etc., by District Settlement.
	„ 7 ...		0-4-11	0-5-7	0-0-8	...	
	„ 8 ...		6,40,898	7,29,933	89,035	...	
	„ 9 ...		0-6-2	0-7-0	0-0-10	...	
	„ 12 ...		0-4-10	0-5-6	0-0-8	...	
	Heading II, column 4 (*b*).		3,07,357	4,03,465	96,108	...	Due to reclamation of Sundarbans forests and extension of cultivation.
	Heading II, column 3 (*a*).		3,90,187	3,42,467	...	47,720	Decrease is due to corresponding increase in fully assessed cultivated area shown in column 4 (*b*).
	Heading II, column 10	Bakarganj	2-10-6	2-3-4	...	0-7-2	Decrease is due to the fact that although both the area and land revenue shown in columns 4 (*b*) and (8). respectively, have been increased since the last return, the increase of land revenue was not in the same proportion as the area.
	Total column 3 (*a*) ...		6,99,480	6,51,760	...	47,720	The decrease is due to the decrease in this column against heading II.

APPENDIX TO TABLE C of Agricultural Statistics of Bengal for the year 1917-18—*continued.*

Explanatory memorandum of difference in excess of 10 per cent. in the figures of 1917-18 compared with those of 1912-13—*continued.*

Table.	Column heading	District.	Figures of—		Difference.		Explanation of difference.
			Previous year, 1912-13.	Current year, 1917-18.	Plus (+).	Minus (−).	
1	2	3	4	5	6	7	8
C	Heading II—Zamindary Temporarily settled Estates, column 2.	Rajshahi	16,292	22,506	6,214	...	The increase is due to re-distribution of area from heading I to heading II.
	Heading II, column 4 (*a*).		6,871	15,268	8,397	...	The increase is due to revision of figures
	Heading II, column 4 (*b*).		4,000	7,000	3,000	...	The figure has been revised in proportion to the increased land revenue.
	Heading II, column 5		9,404	13,848	4,444	...	The increase is due to the revision of assessment of certain estates and also to the transfer of estate from one class to another.
	Heading III, column 5		2,697	1,621	...	1,076	The decrease is due to fluctuation.
	4 (*b*) ...	Dinajpur ...	13,60,300	10,68,900	...	2.91,400	Insufficient rainfall in July and August and heavy rainfall in October and November retarded the sowing as well as the growth of the winter rice and jute crops.
	Total 3(*a*) ...	Jalpaiguri	1,48,021	34,809	...	1,13,212	Difference is due to the new settlements by last settlement operation.
	Total 5 ...		8,41,704	9,84,725	1,43,021	...	
	Total 7 ...		0-14-11	1-1-5	0-2-6	...	
	Total 8 ...		7,49,835	8,35,486	85,651	...	
	Total 10 ...		0-11-9	0-14-0	0-2-3	...	
	4(*b*), headings I and II	Rangpur ...	18,99,700	14,99,981	...	3,99,719	Owing to insufficient rainfall in the year 1917-18 large tracts of cultivated area under winter and *bhadoi* paddy could not be brought under cultivation, hence the decrease.
	5(*a*) Miscellaneous Revenue.		662	946	284	...	The difference is due to increase in receipt on account of fees under Bengal Act VII of 1876 and Act XI of 1859.

APPENDIX TO TABLE C of Agricultural Statistics of Bengal for the year 1917-18—*continued.*

Explanatory memorandum of difference in excess of 10 per cent. in the figures of 1917-18 compared with those of 1912-13—*continued.*

Table.	Column heading	District.	Figures of—		Differences.		Explanation of difference.
			Previous year. 1912-13	Current year, 1917-18.	Plus (+)	Minus (−)	
1	2	3	4	5	6	7	8
C	Class I.						
	4(*b*) ...	Bogra ...	4,29,165	4,30,012	847	...	The increase is far below 10 per cent., hence no explanation is called for.
	Class II.						
	4(*b*) ...		24,835	24,888	53	...	The increase may, however, be attributed to increase of cultivation and settlement of waste land in the Jaipur Government Estates.
	II, 2 ...	Pabna ...	92,939	65,991	...	26,948	Mainly due to purchase of some estates by Government for arrears of rent.
	II, 5 ...		34,496	58,212	23,716	...	Enhancement due to deara settlement that took place during this period.
	III, column 5 ...		2,820	24,109	21,289	...	Increase is due to the inclusion of the cost of survey and settlement recovered under section 114, Bengal Tenancy Act, by the Deara Settlement party.
	I, 4(*b*) ...	Malda	7,52,775	7,66,512	13,737	...	The increase is due to the increase in cultivation during the present year 1917-18.
	I, 5 I, 8 ...		4,20,060	4,01,409	...	18,651	The decrease is due to the transfer of some estates from the revenue roll of this district.
	II, 5 II, 8 ...		26,276	44,736	18,460	...	The increase is due to the resettlement of some estates.
	Misc. 5 ...		1,452	4,061	2,609	...	The increase is due to the receipts of fees realised for exemption of estates from sale and capitalised value of Government revenue in land acquisition cases, cesses for Government estates, sale-proceeds of forms, fees for separate accounts and mesne profits of a fishery estate.
	Total 14 ...		37,644	26,278	...	11,366	The decrease in due to the exclusion of certain portion of area from Nawabganj Municipality.
	II, 10*		1-13-6	3-1-5	1-3-11	...	The increase is due to the resettlement of some estates.

APPENDIX TO TABLE C of Agricultural Statistics of Bengal for the year 1917-18—*concluded.*

Explanatory memorandum of difference in excess of 10 per cent. in the figures of 1917-18 compared with those of 1912-13—*concluded.*

Table.	Column heading.	District.	Figures of—		Difference.		Explanation of difference.
			Previous year, 1912-13.	Current year, 1917-18.	Plus (+)	Minus (−)	
1	2	3	4	5	6	7	8
C.	Column 5, Heading III —Misc. Revenue.	Chittagong	25,474	14,051	...	11,423	The prospecting licenses and mining leases issued during the 1912-13 ceased to exist, hence the decrease.
	Column 3(*a*) Total ...	Noakhali	44,642	40,560	...	4,082	The decrease in area is due to revision of the total area of the district according to the district survey figures. Diluvion accounts for the decrease.
	„ 4(*a*) „ ...		10,19,623	9,77,880	...	41,743	
	„ 4(*b*) „ ...		10,15,700	7,39,820	...	2,75,880	
	Column 5 (Land Revenue against II—Temporarily-settled estate).		3,00,204	3,72,995	72,791	...	The increase is due to settlement of unassessed land, resettlements and progressive increase of rent in Government estates.
	Column 5, Misc. Revenue.		475	3,07,915	3,07,440	...	The increase is due to recovery of Survey and Settlement cost of the major operation as well as to assessment of waste lands for grazing purposes.
	Column 7 ...		0-9-5	0-13-11	0-4-6	...	The increase in due to increase of revenue on the grounds stated above.
	„ 10—Total ...		0-12-1	1-1-10	0-5-9	...	The increase is due to increase of revenue demand but decrease of area as shown above.
	„ 5—Heading II	Tippera ...	1,59,009	1,84,434	25,425	...	The increase is due to settlement of several estates at enhanced rent.
